

Whether we like it or not, death is a fact we can't ignore

Why buy a cemetery plot now?

1. Alleviates the burden **not** having a plot will put on your kids
2. The price is excellent, only **\$2,750/** burial space (*limited time only*) - plots can range from 5K-10K
3. This area has been designated as a Muslim cemetery
4. A percentage of the price goes toward building the new MCC center
5. This will only cost about \$75/ month over a 3-year period, no service charge
6. The lot is transferable
7. You will receive all proper documentation of ownership
8. The location is very nice and will have English and Arabic signage, Islamic art, and a custom built Gazebo
9. There are a limited amount of plots available

10. We ALL need one!
